CRUSADE REPORTS 92% HERE

The Albany United Crusade fund drive stands today at 92%, according to John Pleich, campaign chairman. "With our community within 8% of its goal, we expect to over the top this month," Pleich said. "We are asking anyone who has not reached during the drive, to mail or take their contributions to the Albany Y.M.C.A., 921 Kains Avenue."

Albany, Berkeley and Kensington United Crusade chairmen listed totals well ahead of the Alameda County average, according to reports made today at the drive's 16th report luncheon in the Lake Merritt Hotel, Oakland.

Albany chairman John Pleich reported a total of \$11,846 or 92 percent; and Berkeley-Kensington chairman Joseph W. Rabb listed \$25,954 or 83.4 percent of the goal. Pleich said his total was made up by the following divisions and their chairman:

Business, Stanley Saniuk and Dr. Arthur L. Longpre, \$2,170 or 90.8 percent; Commerce and Industry, Carl Brown, \$4,546 or 90.7 percent; Education, Bert F. Griffin, \$1,765 or 86.9 percent; Public Employees, Robert Olson, \$215 or 48.9 percent; Residential, Mrs. Robert E. Fisher and Mrs. Clarence Quick, \$150, or 105 percent.

Chairman Rabb said the Berkeley-Kensington totals came from the following divisions and their chairman:

Advance Gifts, Robert S. Barlow, \$33,139, or 83.8 percent; Business, Charles Eavis, \$14,165 or 86.6 percent; Commerce and Industry, Thomas Winburn, \$17,936 or 59.1 percent of the goal.

Education, Elementary and Secondary, Mrs. Roberta Ghermer, \$613 or 95.6 percent; Education,

EDWIN S. HOWELL, CITY MANAGER of Richmond, gave a very interesting and instructive talk before the Albany Rotary Club last Tuesday noon. He spoke on the subject, "Problems of the North Bay Cities." Howell, a former resident of Albany for many years, drew an almost record crowd of 94. President Dick Thompson presided.

Next Tuesday evening the club will hold its annual Assembly, starting at 6:30 p.m. Fried chicken will be served at \$2.75 a plate. There will be no program at noon Tuesday, but an informal luncheon for makeup purposes.

POPULAR POLICE INSPECTOR JERRY NEUHAUSER was seriously injured near midnight on Thursday of last week when the patrol car in which he was riding with Officer Vernon Bach crashed into a light pole while attempting to avoid hitting a car said to have been making a left hand turn ahead of them. The officers were chasing a speeder. The crash occurred at the Dartmouth-San Pablo intersection.

Neuhauser suffered a compound fracture of the right knee, a fracture of the right thigh and chest injuries. Acting Albany Police Chief Arthur K. Smith reports that it may be a year before Neuhauser will be able to return to duty. Officer Bach, who was at the wheel, was only slightly injured. Neuhauser lives with his wife, Ruth, and two sons, at 888 Hillside Avenue. He has been a member of the Albany Police Force for the last 14 years.

MRS. ALVIN G. LEIGH, leader of Girl Scout Troop No. 246 of Marin School announces the completion of the planning and fulfillment of the fly-up ceremony of this troop in the Marin School, with the help of her two assistants Mrs. A. D. Williams Jr. and Mrs. Stanley Friese.

The former Brownies are now full fledged Intermediate Girl Scouts: — Joyce Alderson, Sonia Bledsoe, Sharon Edlin, Nancy

HALLOWEEN WINNERS ANNOUNCED

The Albany Solano Avenue Merchants Association has just announced the winners in the recent Halloween Window Decoration contest participated in by students from the various Albany Schools.

The committee in charge wishes to thank the many children who participated, and to congratulate them on their courtesy and their behavior. The full cooperation of the School Department was especially appreciated.

The judges took a great deal of time in studying the work of the children and trust that those whose names are not mentioned will not feel too badly about it.

Above is shown a map of Albany with emergency evacuation lines drawn in on East Shore Highway and San Pablo Avenue. All traffic will be directed northbound. There will be no southbound traffic except to "feeder" streets such as Solano, Portland, Garfield, Brighton, Marin, Dartmouth, Buchanan, etc. The long arrows show the

main exit routes. The small arrows indicate the feeder routes. The map was drawn by Albany's Director of Civil Defense Gerald Browne who will act under the direction of the Mayor in case of disaster.

Xmas Seal Drive Will Start Here This Weekend

Christmas Seals — paper warriors in the battle against tuberculosis — will make their traditional holiday appearance in Albany area homes this weekend as the 31st annual Christmas Seal Sale opens throughout the nation.

Mrs. Lewis M. Howell, Albany Seal Sale chairman for the Alameda County TB and Health Association, announced that the 1957 sale will open Friday (Nov. 15) with the mailing of the colorful seals to homes, businesses and industries in Albany and neighboring communities throughout Alameda County.

Mrs. Howell and her volunteer committee members are to attend an informal kick-off luncheon on Thursday which will be held in conjunction with the TB Association's monthly board meeting at Milani's Restaurant, West Grand and Telegraph Avenues, Oakland.

Highlight of the luncheon will be the announcing of the 1957 Sealathon winners in Alameda County. The Sealathon is a county-wide competition among community volunteers for honors as the fastest seal-folding group.

The annual sale of Christmas Seals is the only public appeal made by the Alameda County TB and Health Association for its year-round program of research, case-finding, professional and public education and patient rehabilitation, Mrs. Howell pointed out.

Albany Civil Defense Issues Latest Rules For Citizen Guidance If Disaster Strikes

Federal and State Civil Defense authorities recommend an evacuation of the population from the East Bay cities and counties in case of threatened enemy air attack. The cities and counties accept such movement of the population as advisable. Any evacuation will be completely voluntary as it affects individuals and families.

The warning Yellow Alert Signal, a three to five minute steady blast on sirens and whistles, repeated after one minute of silence will mean that the evacuation movement should be started at once. On this signal all FM and TV stations will go off the air. AM radio stations will return on channels 640 or 1240 on your dial.

In an evacuation the automobile is your best friend — it should carry your food, water, medical supplies and blankets — it also provides some shelter.

Every car leaving should be full. Pick up your neighbors who do not have cars. Organized public transportation will assist.

When the warning signal sounds, all transportation will be one way — outbound only. Do not attempt to return home if you are in another location but proceed on your evacuation route immediately.

Albany evacuation routes are shown on the map. Study it carefully and instruct each member of your family. The emergency lanes

denoted on the map will be used for fire trucks, ambulances, police cars, doctors and rescue squads. Keep these lanes clear. After leaving Albany traffic will be controlled by the Highway Patrol, Sheriff's organizations, and designated Civil Defense Personnel.

All families should arrange in advance for a meeting place where the family can reunite. Civil defense organizations in reception areas will provide services for the reuniting of families separated by the emergency.

Remember, each of us can contribute greatly to the improvement of any evacuation plan by remaining calm, assisting others and patiently following the directions of designated traffic directors.

Clip this out and save it. You may need it some day.

St. Jerome's Plans Fashion Show

The "Festival of Fall Fashions" will mark the third consecutive "Sell-out" fashion show sponsored by the Guild of St. Jerome's, El Cerrito. This year's presentation will be held on Monday and Tuesday evenings, November 18th and 19th, at 8:00 in the school cafeteria at San Carlos and Curry Avenues. Proceeds will be used to purchase additional equipment for St. Jerome's Grammar School.

CITY DUMP TO RESUME WHEN RACE MEET ENDS

The city council took action Tuesday night on an interim plan to operate the Albany city dump seven days a week, starting Sunday, Dec. 15. Due to crowded traffic conditions leading to the dump during the race season it was agreed to postpone full opening until the present season ends at Golden Gate Fields, Dec. 14.

Reports were read from City Engineer McAuley, and City Sanitation Barley McIntyre, and these recommendations were included in conditions covering a proposed contract with W. H. Kenney which the city attorney was instructed to prepare. The contract calls for public use of the dump on Sundays only from 8:30 to 3:30 p.m. from now on to Dec. 15. After that date it will be open 8:30 to 5:30 on week days, and 8:30 to 3:30 on Saturdays and Sundays.

The same fees will be charged as have obtained in recent weeks under city operation, 50 cents per car, one dollar a light trailer, and so on. Kenney maintained that he would be unable to operate with debris coming only from Albany residents, so he will be permitted to accept material from outside Albany as well. The area involved at present is quite small but it is hoped additional areas may be opened up adjacent to the Santa Fe right-of-way and elsewhere nearby. Kenney declares he will have ample cover materials for the job for a long time to come.

The main discussion over the matter arose from opposition by Councilwoman Zahn who objected to opening the dump to outsiders, and who declared it did not

San Leandro became the second community in the county to achieve its Crusade goal when chairman William A. Kinney reported a total of \$123,856 or 104.8 percent of the goal. Pleasanton, under chairman John C. Mann, was the first to reach its goal and now lists \$7,740 or 151.2 percent.

Today's reports showed Alameda County still leading the five Bay Area counties, with \$2,121,515 to date, or 82 percent of the county goal.

The other four counties in the United Bay Area Crusade reported as follows:

San Mateo, \$454,765 or 70.2 percent of goal; San Francisco, \$2,352,110 or 69.3 percent; Marin, \$95,070 or 63.7 percent; and Contra Costa, \$309,815 or 62.7 percent.

Salvation Army Benefit Nov. 16

The pre-holiday bazaar sponsored by the ladies of the Oakland Citadel Corps Home League, to benefit The Salvation Army, will be held Saturday, Nov. 16, from 2:30 p.m. at 1711 23rd Avenue, Oakland. Announcement was made by Lt. Col. R. D. Gifford, Divisional Commander for Northern California and Nevada.

Soroptimists Will Hear Talk On Conservation

Mr. William R. Graves will be the guest speaker at the Soroptimist luncheon next Wednesday. Mr. Graves has been a Californian since the end of World War II and has a background of news reporting and foreign experience while associated with the American Arabian Oil Company in Dhaliran.

The title of Mr. Graves' talk is "The Conservation Story" with a color film narrated by film star Thomas Mitchell and presented by Richfield Oil Corporation.

"Conservation," says Mr. Graves, "is everyone's business and the whole future of this country is dependent upon the way we operate that business." Mrs. Mae Konns will be chairman for the day.

Shah of Persia: Friend of U.S.A.

Out of the ashes of five centuries of Ottoman and Western Colonialism, the Middle East today is striving to stand on its own feet and recapture some of its past glories. But the scene presents a confused picture of strength and weakness, of strident nationalism and the revolution of rising expectations of the masses; of minorities seeking a Moslem theocracy; of vast oil and mineral resources; of great riches of the few and the abject poverty of the many; of mistrust of the West and of playing with Communist fire.

What has kept the Middle East from going to pieces is the strength and solidarity of countries like Iran and Turkey, and their staunch friendship for USA. Iran with a thousand miles of contiguous frontier with the Soviet Union, has, after the Mosaddegh interlude, settled down to the task of using her vast and

increasing oil resources for economic development and social reforms. Political calm and stability has been established and with her partners in the Baghdad Pact (Turkey, Pakistan, Iraq and the United Kingdom with partial US participation) is aligned with the West and making great strides forward.

Today Iran is blessed with a young, democratic ruler who leads his country in a benevolent and intelligent manner. Mohammad Reza Shah believes in evolutionary reforms, and is a public-spirited monarch. He brought to the throne the conviction that Iran could not hold herself safe in the chrysalis of neutrality and isolation and that her fate was bound with the Western democracies. The peoples of the United States should know their staunch friends and allies at the other end of the free world.

Safety Rules For Child Passengers

Parents should teach their children special car manners, both for the safety of the youngsters and for the protection of other highway users, urges the California State Automobile Association.

Serious accidents have been caused directly by children making a playground of the family car, the AAA motorists' organization points out.

Children untrained in car deportment and left to their own devices pose a three-fold threat to safety: they can injure themselves by falling over seatbacks or by being thrown against the dashboard in sudden stops; they can distract the driver long enough to send the car out of control; and they can distract the drivers of other cars around them. The AAA feels that much of this danger can be removed if training starts early and parents stress it in much the same way that they teach their children not to play with fire.

The ten most frequent violations of good conduct for children are: (1) standing on seats, (2) climbing over seats, (3) leaning out windows, (4) roughhouse play, (5) playing with door handles, (6) sitting on driver's lap, (7) sticking toys out windows, (8) letting paper, such as candy wrappers, fly out windows, (9) playing with large objects, such as balloons and rubber swimming rings, and (10) playing or fiddling with car controls, such as gearshift and ignition key.

The AAA says that the age of the child has much to do with the amount of supervision needed, offering the following rules as a check list for parents:

1. Teach children to lean back and sit squarely on seat — either front or rear.
2. Very young children should be held in the lap of an adult passenger, or in a special car seat securely fastened to a regular seat.
3. Do not allow horse-play. Older children may be given books or magazines to read. Toys to amuse younger children should be made of soft plastic or rubber, not sharp wood or metal.
4. If children must be given a drink while moving, use a paper cup — don't use glasses or bottles.
5. Teach children to play games such as spotting out-of-state license plates, quiet word-games, or other games which do not require any physical action.
6. On long trips, stop often so children do not become over-tired.

The 58 FORD is here now...

there's nothing newer in the world

With all that's new for a world of difference

You'll ride in a new world of fashion with Ford's deep-sculptured styling. From Power-Flow hood to Safety-Twin taillights, Ford's world-ahead styling is a landmark! There's a new Slipstream roof... a new Sculptured rear deck that's out of this world.

You'll be ahead with Ford's new Interceptor V-8 and Precision Fuel Induction. Gives you up to 300 hp. Smoother power... more power... from less gas! The secret is Precision Fuel Induction, a new carburetion, fuel feeding, and combustion system.

You'll get up to 15% more gas savings with new Cruise-O-Matic Drive teamed with the new Interceptor V-8. New D1 position, used for all normal driving, lets you move smoothly—with just a touch of your toe—from brisk, solid-feeling take-offs right up to highway cruising speeds.

You'll ride on a cloud instead of a spring with Ford-Aire Suspension. This is the way you've always dreamed of driving—floating on air! Four air pillows literally soak up any sign of a bump. Car levels every time someone gets in or out or whenever luggage is loaded or unloaded.

You'll steer with a feather touch with Ford's new Magic-Circle Steering. Nothing rolls like a ball, and that's the secret of Ford's handling ease. Free-moving steel balls in the steering mechanism are virtually friction-free—give you the closest thing yet to power steering! Try it and you'll agree!

Your night driving is safer with Ford's Safety-Twin Headlights. You get safety you simply can't get with single lights... special light for high beam... special light for low. It's the biggest advance since the sealed-beam! It's high style, too.

There's bold, new styling—new Interceptor V-8 Power—new Cruise-O-Matic Drive—new power-controlled Ford-Aire Suspension! The 58 Ford is the only car ever to meet a world-wide test and win world-wide approval before its public premiere!

You could search the world over and never find a car to match this 58 Ford's new beauty... new power... new ride... all at the low Ford price. How do we know? We tried it!

In Paris... the most style-conscious fashion critics in the world had a deep, low bow for Ford's latest style creation. In the mighty Himalayas, Ford's new Interceptor V-8 engine with Precision Fuel Induction won the day!

Then there's nothing newer than the true air ride of Ford-Aire Suspension. It's like riding on a cloud because you literally ride on air! But, you don't have to go to foreign soil to drive this newest Ford. We'll gladly save you the trip. Come in today!

From London to Bangkok... the whole world loved it!

The 58 Ford stopped traffic in Trafalgar Square when it passed through on its history-making, round-the-world trip. And that was typical of the excitement this Ford caused in Paris... Rome... Athens... Istanbul... Calcutta... and Bangkok. For this Ford was proved around the world in the toughest "shakedown" cruise in history. Down the rugged Yugoslavian coast line! Through the dust of Iran's Great Salt Desert! Afghanistan's Khyber Pass... over the mountains and through the jungles of India! The 58 Ford was proved and approved like no other car before.

"THERE'S NOTHING NEWER IN THE WORLD OF STYLE!"

"THE WHOLE WORLD SEEMS SMALLER WITH FORD'S NEW INTERCEPTOR V-8 ENGINE!"

COME IN... SEE THE CAR THAT WAS PROVED AND APPROVED AROUND THE WORLD!

DOZEN RADIATOR
your car radiator freezes up,
safest procedure is to move it
a heated garage and let it
out. If this is impossible, start
engine and allow it to idle until
quite hot. Then pour hot water
the radiator with the engine
ing, advises the California
Automobile Association. Do
our hot water into the radiator
out first allowing the engine
arm up, or you may cause se-

Buddy Program
On Enlistment
Winston D. King, Chief Engine-
man, your friendly Navy recruiter,
announced today that about 1 out
of every 5 men that enlist in the
Navy in the San Francisco Recruit-
ing District enlist under the Buddy
Program.

Personnel enlisted under the Bud-
dy Program are assured by the Re-
cruiting Service that they will, to
the maximum extent feasible, un-
dergo training together in the same
company at one of the naval tra-
ining centers.

Men enlisting under this program
can also designate the date upon
which they desire to enlist.

After initial processing by the
Navy Recruiting station enlistees
will report to San Francisco for
physical examination and enlist-
ment oath. They will depart on the
same day for San Diego, Calif.,
where they will be assigned to the
same company for 9 weeks of boot
training.

Upon completion of recruit train-
ing, the men can return home to-
gether on boot leave before being
reassigned to their new duty sta-
tion.

SPEAKING & CARDS
A GIFT FOR MOTHER
Every year around this time
many of us go searching through the
stores frantically looking for some-
thing appropriate to give Mom on
her big day. A gift that is some-
times overlooked but one that is
guaranteed to please all
mothers, especially
if they play cards,
is a sparkling, new
double deck of
playing cards.
Card playing, according to the latest sur-
veys, is still the most popular
source of inexpensive, wholesome
home entertainment and diversion.
The surveys reveal that more than
eight out of every ten adult Ameri-
cans—men and women alike—play
cards. Furthermore, according to a
recent sampling of opinion of an
average group of housewives in the
midwest, card playing tops going
to the movies and dancing as the
favorite form of entertainment for
husbands and wives when they
have an evening out together.
What card games does Mom
play? Probably Canasta, the na-
tion's favorite card game, is one
she enjoys or one of Canasta's vari-
ations such as Samba, Bolivia or
Italian Canasta. If she doesn't play
Canasta, then she's probably a
Contract Bridge player. As Bridge
remains one of the most popular
card games with the ladies. And if
she can't find anyone around to
play cards with, the chances are
that Mom will turn to one of the
hundreds of variations of Solitaire
for relaxation and enjoyment.
If your mother then, like most
American Moms, finds occasional
fun and relaxation in one or more
of these games, a gift of a double-
deck of playing cards is certain to
be her "cup of tea." You can choose
your cards from a wide variety of
colors and designs and find one
that will please even the most
fastidious taste.
You really can't go wrong with
a gift of cards because most house-
holds have too many decks of
grimy, dog-eared cards that Mother
will be delighted to discard in
favor of fresh new decks in up-to-
date cheerful colors and designs.
If you're looking for a more
elaborate gift, you might like to
give a combination gift such as a
card table, table cover, several
decks of cards, and matchbooks and
napkins with card designs. Most
department stores carry these items
in a variety of attractive designs.

Law In Action Discussed By Members of Bar

For most religions marriage is a sacrament, but from the law's viewpoint it is a contract, and a curious one. For not only are the man and wife parties to the contract, but the State of California is also a party to the marriage.

Marriage and family are concerns of the state. The state has a hand through its courts, for example, preserving the family and protecting the children.

So before a man and woman may marry in California, they must first

get a license from a county clerk to show:

1. Who they are;
 2. Where they live; and
 3. Their ages and the like.
- The clerk may not grant such a license to the feeble-minded or insane, or to persons under the influence of a narcotic or alcohol.

He may not issue a license unless both parties are capable of consenting to and consummating marriage. The clerk must file such consents and may set out such facts in the license on oath.

For a man under 21 or a previously unmarried girl under 18 to get a license, California law calls for the parents' or guardian's written consent.

Besides, if the young man is under 18 and young woman under 16, they must get the permission of the superior court judge.

This court permission was first stated in laws which went into effect last fall. Before now, the law called for parental consent, lack of which was a ground for annulment. But never before did the law say that such minors needed a court order.

Advertising Pays big dividends. Why don't you try.

From left to right: The McKibbens — Margaret, Randy, 1 1/2; Winton McKibben, 18th Assembly District candidate for the special Dec. 10 election, and Brian, 10 1/2 years. The post recently became vacant when the incumbent, Tom Caldecott, resigned to accept an Alameda County Superior Judgeship.

SMALL CAR

The model T Ford had a 100-inch wheelbase, a 20-horsepower motor, and weighed 1200 pounds, reports the California State Automobile Association.

GARAGE SHORTAGE

Nearly half of all cars in the United States are parked outdoors at night, reports the California State Automobile Association.

Fireman Freddy Says:

When purchasing holiday electrical merchandise look for the Underwriters Label.

ACROBATS

Acrobats that walk a tight-rope in a circus may seem to have a dangerous profession, but if they make a mistake they at least have a net below to save them from serious injury. Not so with the motorist, says the California State Automobile Association. If he makes a mistake, there's no net. Keep your eyes on the road, your hands on the wheel. Don't make mistakes when you drive.

DANGEROUS COMBINATION

One of the most dangerous combinations in modern life is an automobile and a driver who has been drinking. Together they can create havoc. The California State Automobile Association says this is the season when this combination is prevalent. Don't be an accident about to happen. When you've been drinking, stay out of the driver's seat.

From David learn to give thanks for everything. Every furrow in the Book of Psalms is sown with seeds of thanksgiving. — Jeremy Taylor.

SPEAKING OF CARDS

A FAST SHUFFLE

Mathematicians are quick to inform us that our chances of being dealt a Royal Flush in Poker are one in 649,741 and that a perfect hand in Bridge (13 cards in one suit) occurs an average of once in about forty billion deals. All their computations, however, assume a "perfect shuffle" and actually the cards are usually shuffled very imperfectly.

Some card players have the knack of "riffing" the cards so that they mix very well. Others mix the cards very loosely. In some games it is well to shuffle thoroughly; in others a loose shuffle may be preferable. In still other games it does not particularly matter.

In a game such as Casino it is better to have the cards well mixed. Experienced Casino players usually separate the tricks they pick up, so that there will be no danger of any two cards of the same denomination being together when the shuffle begins.

In Bridge, a poor shuffle is likely to produce balanced hands, with no long suits. Such hands are dull and uninteresting to play. A thorough shuffle increases the possibility of getting fresh hands.

There are many different ways

of shuffling the cards but the two most popular versions are the "cards-over-cards" shuffle (also known as the "Poker shuffle") and the "riffle" shuffle.

The "cards-over-cards" shuffle, made by holding a portion of the deck loosely in one hand and dropping the remaining cards into it from the other hand, is not proper in most games except Poker.

On the other hand, the more professional "riffle" shuffle, although it involves slightly more wear and tear on the cards, is proper in any game including Poker. To execute this shuffle, you divide the pack, face down, into two piles of approximately the same size. Place them both on the table and bring together only the corners. Now holding down each portion with your fingers, bend up the corners with your thumbs. Then slide the two portions a little closer together so that they interlock. Let the cards riffle downwards and they will fit together as though meshed and the cards will be mixed. Now relax the pressure of your fingers on the cards and slide the two portions of the pack together.

A riffle shuffle should be made about three times to mix the cards thoroughly. Any additional shuffling after this point is actually waste motion. In fact, card experts say that eight perfect riffle shuffles will return the deck to its original order.

The experts also maintain that the best shuffler in the world will have difficulty with decks that are grimy and cracked. When that happens, they say, a new deck should be opened and put in play as it is easier to shuffle and deal.

IRANIAN VISIT TO THE WHITE HOUSE: The Shahanshah, or King of Kings, of Iran and his radiant Empress Soraya, are shown here being greeted by President Eisenhower at the White House during their last visit to the United States. Mohammad Reza Shah, born in 1919, was educated in Switzerland and completed studies at the Officers Training College in Teheran. He took the throne from his father, Reza Shah the Great, in 1941, a critical juncture in World War II and in helping to build a "BRIDGE OF VICTORY" in Iran showed that he was a unique blend of East and West. Since the war, the king has devoted himself, as a "modern, liberal Monarch," to serving the needs of his people, of raising their standard of living, and of establishing political stability. He is an all-round sportsman, pilots his own plane and loves speed. In all his activities he enjoys the assistance of his lovely Queen, daughter of ancient Persia. She devotes her time to social work and tending to the needs of the underprivileged section of the community. Both symbols of Iran's unwavering allegiance to the West and staunch stance to the encroachment of foreign political ideologies.

CHRISTIAN SCIENCE

The scientific basis of immortality will be brought out at Christian Science services Sunday at 533 San Pablo Avenue, Albany.

Scriptural selections to be read from the Lesson-Sermon entitled "Mortals and Immortals" include the following (Proverbs 12:28): "In the way of righteousness is life; and in the pathway thereof there is no death."

From "Science and Health with Key to the Scriptures" by Mary Baker Eddy will be used the following (267:3-5): "The offspring of God start not from matter of ephemeral dust. They are in and of Spirit, divine Mind, and so forever continue."

The Golden Text is from II Corinthians (5:17): "If any man be in Christ, he is a new creature; old things are passed away; behold, all things are become new."

At Grace Lutheran Church, Santa Fe Avenue at Ward, the Rev. O. R. Janke, pastor, will speak in both the 9:45 a.m. and 11 a.m. services next Sunday on the topic, "The Magnificent Enslavement."

The lesson topic for the graded classes of the Sunday School meeting at 9:45 a.m. will be "The Ten Lepers."

At 6 p.m. in the parish hall the annual parish loyalty dinner will be held. The program will include a presentation of parish plans for 1958, the budgeted needs for the same period and the signing of pledges. The Rev. Hilton Schlecht, pastor of our Savior Lutheran Church, Livermore, has been invited as the guest speaker.

FIRST BAPTIST

Rev. and Mrs. T. W. Livingston, missionaries to Japan under the American Baptist Convention, will speak at the morning Worship Service 11 a.m. The Chapel Choir will sing, "Saviour, Source of Every Blessing." A duet will also be rendered by Irene Schlosser and Beulah Wright.

7:00 p.m. Dr. Odegard will continue the sermon series, "It Is Later Than You Think." Special music.

vide a permanent solution to the problem. The mayor stated that the city would continue to seek a permanent solution to this major problem. Mrs. Zahn asked to be recorded as "not voting."

A letter from Berkeley Police Chief John D. Holstrom was read by City Clerk McLean in which Holstrom highly commended Albany Police Officer Bernard Johnson for his arrest after a mile-a-minute pursuit through Albany, Berkeley, Emeryville and Oakland of the Goman residence robbers who made away with \$44,000 in loot.

Sgt. Vern Freeman aided in the long chase until near the end when his car quit on him, leaving Johnson on his own to shoot it out with the robbers and finally capture them. One bullet crashed through the windshield, showering him with glass, and passed close to his head. Another blasted his siren and put it out of action.

Following reading of the letter Mayor Howell suggested a resolution of commendation for the officers for service far beyond the call of duty. This was approved as well as a similar letter covering the serious accident during a chase in which Inspector Neuhauser was critically injured, and Officer Bach slightly injured a few nights ago at the Dartmouth-San Pablo intersection.

Women At The Wheel

FREEMAN SPEED—An increasing number of women motorists are using freeways at slack as well as peak traffic hours. Because freeway driving is usually faster at mid-day hours, the California State Automobile Association suggests this valuable speed formula: For each 10 mph of vehicular speed, allow at least one car-length between your vehicle and the one ahead. For example, at 50 mph, allow five car lengths.

FULL POWER

The engine in a modern automobile is a far cry from its pre-war counterpart. It delivers a lot more power but because of closer tolerances and precision tuning requirements, it needs more attention. The California State Automobile Association says you will enjoy full power from your car's engine only if carburetion, ignition, valve

B. of A. Mails Out 1200 Xmas Checks

To Albany Savers

Santa's going to need more reindeer plus a trailer-sled to tote his gifts this year if Bank of America's 1957 Christmas Club statewide totals are any indication of the shopping spree to come.

In Albany, Branch Manager William McAuley said checks totaling \$128,539.00 will be mailed Nov. 15 to 1200 local Christmas Club savers.

With \$62,000,000 in \$16,000 accounts throughout the state, never have so many Californians saved

so much toward a merry, bill-free Christmas, McAuley said.

The statewide totals show an increase of \$8,700,000 and 94,000 more accounts than last year and are the highest since Bank of America started its Christmas savings program almost a quarter century ago.

The Christmas Club, designed to help depositors put aside funds for the holidays, McAuley added, also is used by some as a source of ready cash for winter vacations or end-of-year expenses such as insurance and tax payments.

The worship most acceptable to God comes from a thankful and cheerful heart. — Plutarch.

It Takes Cash!

Takes cash to rent, and it takes cash to own, but you can purchase this great modern ranch style home in El Cerrito for not too much down payment. It's a wonderful neighborhood for children, near 3 schools, and they'll love the large, fenced yard. Evenings, Mrs. Boykin.

Westbrae Home

Here is a roomy, older home, in neat condition, near St. Ambrose Church, priced at only \$10,000. Assume G.I. 4% loan, and move right in. Evenings, Mr. Ellsworth.

Upslope - Downslope Lot

Build up, or build down, it's your choice. This fine lot fronts on both Gateview and Pierce Streets, and gives you a chance to build the home of your choice. Lots are fast disappearing, especially lovely view lots, and this can be yours for only \$3300. Evenings, Mr. Ellsworth.

\$1500 Down

A good, clean Spanish stucco home near Gilman St., for this very small down payment, and you'll own a comfortable 2 bedroom home, close to all conveniences. Evenings, Mr. Williams.

Plan Your Future!

Own this small 2 bedroom home on roomy 43-100 lot, rent or live in the home for several years, then utilize lot for new building. Full price only \$8250. In good Albany location. Evenings, Mr. Ellsworth.

Lovely View Home

This is definitely one of the finer homes in Albany, built with many custom features rarely found in the average home. There are 6 large rooms, with inspiring view from most of the rooms, 2 bathrooms, and heated by central gas system. A full basement, easily convertible to rumpus room, with inside entrance, and a large garage give you ample storage. The lot is beautifully landscaped and terraced. You simply cannot replace this home for within thousands of dollars of its list price of \$19,950. You'll be eternally glad you bought this home. Evenings, Mr. Williams.

For Exchange

Modern 6 room 3 bedroom stucco home, large basement, central heat, with fine view. Owner will exchange for smaller Albany home. An excellent opportunity to find a lovely El Cerrito home. Evenings, Mrs. Boykin.
